# REFRIGERATOR/FREEZER THERMOMETER

Maintain optimal temperatures in refrigerators and freezers with the popular Refrigerator/Freezer Thermometer (FG80) from CDN.

With a non-mercuric column and 2-way mounting, the NSF® Certified FG80 has a color-coded scale with temperature zones for maintaining optimum temperatures aligned with food safety standards.

Use the FG80 to make sure that your refrigerator and freezer are kept at the proper temperature for better food storage and conserve energy by maintaining conservative temperatures.
